COLORADO RIVER ISSUES

Mr. Lee Miller gave an update to the Board:

On January 17, 2025, the Bureau of Reclamation (Reclamation) published the Alternatives Report to document the alternatives that were officially released on November 20, 2024, and are anticipated to be carried forward in the draft EIS for the ongoing Post-2026 Colorado River Operations NEPA process. Information submitted following the November 20, 2024, publication of the alternatives, such as the Upper Division States refinements reported on last month, has not been considered in this report. Reclamation will continue its efforts working with Colorado River Basin partners and stakeholders and will analyze information submitted after November 20, 2024. Additionally, Reclamation will also prepare the environmental impact analysis for the draft EIS.

The five anticipated alternatives are:

- No Action Alternative
- Federal Authorities Alternative
- Federal Authorities Hybrid Alternative
- Cooperative Conservation Alternative
- Basin Hybrid Alternative

The Upper Colorado River Commission is scheduled to meet on February 18, 2025, via webinar. Topics for the meeting will include the Drought Response Operations Agreement, the current Basin States Discussions and Post-2026 Process Updates and the future of the System Conservation Pilot Program. The meeting will be held without a Federal Commissioner, as Anne Castle, appointed by President Biden, has submitted her resignation
